Last Intake reflects the final intake under the current programme descriptor.

First New Intake reflects the first intake expected under the revised descriptor once validated.

The **Certificate of Validation** is not issued immediately after the PAEC meeting. The awarding body's own timeline typically takes 6 weeks to 2 months post PAEC before the COV is returned. Until it's received, the programme continues to run on its existing descriptor. The portfolio is updated to reflect the new descriptor once the COV has been issued and processed.
